OUR MANUFACTURING EXPERTISE

From Farm to package

01

Ingredient Sourcing

Premium natural ingredients sourced from trusted farms.

02

Recipe Development

Traditional recipes standardized for authentic taste and nutrition.

03

Cooking Process

Prepared using controlled food processing techniques.

04

Tray Drying

Advanced drying technology preserves flavour, aroma, and nutrients.

05

Powder Processing

Processed into fine powder using hygienic food-grade machinery.

06

Controlled Dehumidified Packaging

Controlled-environment packed for up to 1-year shelf life, with no added preservatives.

07

Ready for Distribution

Prepared for domestic and international markets.

ABOUT US

Samayal Kattu Private Limited manufactures natural, preservative-free powdered food products using advanced processing technology. Proudly crafted by skilled women from the fertile Theni-Cumbum region, ensuring quality, safety, and timely delivery.

FOUNDERS

The vision of Samayal Kattu is driven by experienced professionals who combine leadership, innovation, and passion for healthy food.
